Dear Ron,

Interstate Brick Company has been leasing a clay pit from Don Fullmer. The area is known as the Koosharem Clay Pit. It is located in sections 2 and 11. T.27S. R2W. 51M. Mr. Fullmer has claims on both state and federal lands in this area for clay.

Interstate Brick Company has terminated their lease arrangement with Mr. Fullmer. They have sloped cut areas and seeded the area as required in their operating plan.

There is considerable clay still available at the site. Mr. Fullmer desires to find another user for this clay. For now we are closing this case in our files. When clay is hauled again the new user will be responsible for rehab of areas that are disturbed. We are notifying the bonding company that the case is closed.

If you have further questions please feel free to contact our office.

Sincerely,

*Darrel Hintze*
